

Sr UI/UX Designer

[Apply Now](#)

Company: Resola Inc

Location: Vietnam

Category: computer-and-mathematical

Resola Inc, a leading marketing and advertising company based in Tokyo, Japan, is seeking a highly skilled UI/UX Designer to join their dynamic team. As a UI/UX Designer at Resola Inc, you will be responsible for creating intuitive and visually appealing user interfaces for a wide range of digital products, websites, and applications.

Resola Inc is an innovative company that specializes in leveraging AI technology to enhance everyday objects and services. With a strong commitment to integrating the latest technology advancements into their products, Resola Inc has become a frontrunner in the industry. As a UI/UX Designer, you will be working in a company that values creativity, passion, and a deep understanding of user needs.

Responsibilities

Collaborate with cross-functional teams to gather and evaluate user requirements, translating them into wireframes and prototypes

Design and create user-friendly interfaces that effectively communicate the product's features and functionality

Conduct user research and usability testing to identify areas for improvement and make data-driven design decisions

Create and maintain style guides, design systems, and pattern libraries to ensure consistency across platforms and products

Stay up-to-date with industry trends and best practices in UI/UX design, incorporating them into your work

Work closely with developers to ensure the implementation of design concepts and provide necessary guidance and support throughout the development process

Iterate on designs based on feedback from stakeholders and users, continuously improving the user experience

Requirements

Proven experience as a UI/UX Designer or similar role

Proficient in design tools such as Figma or Adobe XD

Strong portfolio showcasing your UI/UX design skills and ability to solve complex design problems

Solid understanding of design principles, typography, color theory, and layout

Familiarity with user-centered design processes and methodologies

Knowledge of HTML, CSS, and JavaScript is a plus

Excellent communication and collaboration skills, with the ability to present and explain design concepts and decisions clearly

Benefits

Paid Time Off

Work From Home

Performance Bonus
